

CTA VERITAS.

DESY, Zeuthen location, is seeking: Ph.D. student positions (f/m) CTA and VERITAS at DESY

DESY

DESY is one of the world's leading research centres for photon science, particle and astroparticle physics as well as accelerator physics.

The Cherenkov Telescope Array (CTA) is the next generation very-high-energy gamma-ray observatory. Currently in the prototype phase, the array will include over 100 telescopes at both a northern site at La Palma and a southern site in Chile. DESY at its Zeuthen location is a lead participant in the CTA consortium, and has led the prototyping of one of the telescope types, as well as efforts for data collection and processing and Monte Carlo simulation. More information can be found at www.desy.de/CTA. The positions are offered in the context of a Helmholtz Young investigator group based at DESY Zeuthen.

The position

- The Ph.D. positions will be based at DESY Zeuthen, with degrees granted by the University of Potsdam
- Several research projects are available, focusing on physics sensitivity studies for CTA and data analysis for VERITAS, including dark matter searches and intergalactic magnetic field studies
- Development work in scientific computing for CTA is expected to be a component of the Ph.D. projects

Requirements

- Masters degree in physics or astronomy
- Background in astrophysics, astronomy, or particle physics
- Coding skills (C++, python)
- Proficiency in English

For further information you may also contact Dr. Elisa Pueschel
+49-33762-7-7303 (elisa.pueschel@desy.de).

The position is limited to 2 years with the possibility of extension. Salary and benefits are commensurate with those of public service organisations in Germany. Classification is based upon qualifications and assigned duties. Handicapped persons will be given preference to other equally qualified applicants. DESY operates flexible work schemes. DESY is an equal opportunity, affirmative action employer and encourages applications from women. Vacant positions at DESY are in general open to part-time-work. During each application procedure DESY will assess whether the post can be filled with part-time employees.

We are looking forward to your application quoting the reference code preferably via our electronic application System: Online-Application

Deutsches Elektronen-Synchrotron DESY

Human Resources Department | Code: FHDO011/2017
Notkestraße 85 | 22607 Hamburg | Germany | Phone: +49 40 8998-3392

Deadline for applications: until the position is filled.
