Abstract text goes here. References should be directly marked by [1] etc., and equations typeset as in this example:

$$E = \hbar\omega \quad (1)$$

The whole abstract should be contained within one letter size page with 2.5 cm margin on all sides.

At this point you are left with just about

this much text space, if you include the following figure.

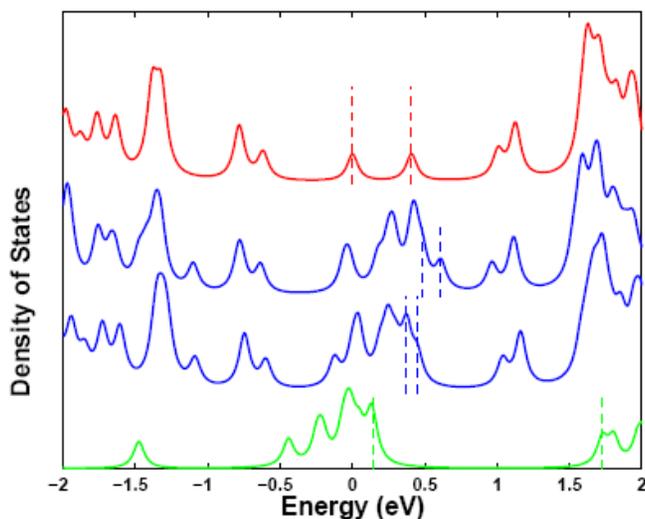

Figure 1: The caption for the figure should go here. Please notice that the figure will appear in black and white in the printed Book of Abstracts.
